

## All Age Sharing

**Verse: Psalm 33: 5**

### The earth is full of the steadfast love of the Lord

**Action:** Take a handful of soil or sand from the ground near where you live. Look closely at it. What do you see first? Keep looking, do you see lots of much smaller particles? Perhaps there are different colours in your handful of earth? Are there the tiniest of rocks in your hand?

This little handful of earth is just a small part of the bigger planet we call earth. Think about the privilege of being able to hold part of earth in your hand and what it might mean to you to say that the earth is the body of God.

**Prayer:** God our creator,

When we look closely at the earth we can catch a glimpse of how carefully put together creation is. The earth is full of your steadfast love and as we pay attention to the earth we know more of you.

May we always be willing to look closer and look for your steadfast love. Amen.
