

SEASONS OF CREATION

MOUNTAINS & ITS CREATURES

This mountain looks beautiful, but also empty and cold.
What creatures could survive its weather, slopes and height?
But it is alive with life and over the seasons it shares its life!

Can you name the living beings in this picture?
Why is the red fox in the snow leaping through the air?
As you look at all the pages of the story,
can you name the other living beings?
How can a mountain share its life with us?

**Psalm 48:1,2: the mountain of God is high above the
valleys
and beautiful, it brings joy to us.**

A PRAYER

Let us give thanks for the beauty and wonder of the mountains and all its
creatures, and everything it gives back to us. **Amen**
